SIGNATURE: _____

POWER RANCH
COMMUNITY ASSOCIATION

COMMITTEE WORKING AGREEMENT

The following statements are intended to establish a positive working environment for all members of the Committee. Our goal is to work together effectively to ensure that decisions are arrived at fairly, thoughtfully, and through consensus.

As a preamble to these agreements, it is understood that each member is committed to working as a team. Each recognizes that his/her leadership, individually and collectively, is essential to the effective operation of the Committee and the Power Ranch community. We fully endorse the following agreements:

1. We represent the Power Ranch Community Association as volunteers, and our actions should reflect that at all times.
2. We are committed to cooperation among ourselves, to mutual support, one for the other, and to engage in a working relationship that nurtures loyalty and trust for each other.
3. We understand the importance of our decisions in our community. Every resident has the right to be treated with respect and fairness, demonstrating empathy for individuals.
4. We recognize that healthy disagreements and conflict over subject matter and processes are normal during the decision-making process, but the commitment to the decision, once made will be unanimously stated in all settings.
5. Each of us will take the initiative to raise issues and concerns in the most positive, productive way possible; knowing that each will be treated responsibly and respectfully.
6. We believe in communications that are open, frank and respectful. We will focus on gathering information and engaging in problem-solving at all times.
7. We are committed to keeping each other fully informed. There may be decisions made by the Board of Directors outside of a Committee meeting to accommodate the residents in Power Ranch, in which the committee will be made aware of.
8. The committee chairperson will be the spokesperson unless otherwise agreed by the committee and will facilitate and coordinate all discussions between the Committee, Board of Directors and audience members when the meeting is in session.
9. The committee will hear and respond to members of Power Ranch who wish to express a particular position or an issue at the committee meetings. However, the decisions and recommendations developed will be reached in the overall best interests of the Power Ranch community.

**This Working Agreement will be signed by all committee members and kept on file.*
