Signature: _____

Date: _____

COMMITTEE WORKING AGREEMENT

The following statements are intended to establish a positive working environment for all members of the Committee. The goal is to create an environment to work together effectively to ensure that decisions are arrived at fairly, thoughtfully, and through consensus. As a preamble, it is understood that each member is committed to work as a team. Each recognizes that his/her leadership, individually and collectively, is essential to the effective operation of the committee and the Power Ranch community. By signing below, I fully endorse the following agreements:

1. Represent the Power Ranch Community Association as volunteers and our actions should reflect that at all times.
2. Remain committed to cooperation among the committee membership, to mutually support, one for the other, and to engage in a working relationship that nurtures loyalty and trust for each other.
3. Understand the importance of the decisions made on behalf of the community. That every resident has the right to be treated with respect and fairness, demonstrating empathy for individuals.
4. Recognize that healthy disagreements and conflict over subject matter and processes are normal during the decision making process. A commitment to the decision, once made, will be supported by all committee members in all settings.
5. Each committee member will take the initiative to raise issues and concerns in the most positive, productive way possible; knowing that each will be treated responsibly and respectfully.
6. Believe in communications that are open, frank and respectful. Will focus on gathering information and engaging in problem solving at all times.
7. Remain committed to keep each other fully informed. There may be decisions made by the Board of Directors outside of a Committee meeting in order to accommodate the residents in Power Ranch, of which the committee will be made aware.
8. The committee Chair will be the spokesperson unless otherwise agreed by the committee and will facilitate and coordinate all discussions between the committee, Board of Directors and audience members when the meeting is in session.
9. The committee will hear and respond to members of Power Ranch who wish to express a particular position or an issue at the committee meetings. However, the decisions and/or recommendations developed will be reached in the overall best interests of the Power Ranch community.

****This Working Agreement will be signed by all committee members and kept on file.***
